

# FEBRUARY'S BUSINESS OF THE MONTH!

**The Savanna Chamber of Commerce is pleased to announce Savanna Station as February's Business of the Month!**

**The Savanna Station is located at 1230 Chicago Ave in Savanna. The Sullivan Family has been in the Gas station convenience store business since 1999. They purchased and built the Savanna Inn and Suites just prior to the building of the Savanna Station. It is well known in the hotel business that a gas station/convenience store and a fast-food restaurant is an ideal partner with a hotel. Additionally, the location of the Savanna Station had a great traffic count, with it being located at the intersections of 3 highways (84, 64, and 52). For the Sullivan's family it only made sense to start this new endeavor, as they had been in the food and retail business since 1967 and a convenience store is a spin off what they had already been doing. At that time, you were also seeing more and more grocery stores adding gas stations to their businesses, which was an area they were planning on expanding on. Since the inception of the Savanna Station they have added gas stations to 3 other locations. They frequently comment that being in the gas station / convenience store business is much like operating a bar - but it is a coffee bar! The Sullivan family has always enjoyed the retail business and the people that walk thru the doors. Retail is exciting and ever changing. You are never allowed to get bored!**
